AIM. Realise your power.

The Australian Institute of Management has been helping people become managers and managers become leaders for almost 75 years.

Every decision made can have far-reaching effects, so let the decisions you make set you on the path to greater success. From emerging manager to executive, we are passionate about providing a learning experience that offers genuine tangible outcomes and will support you every step of your career journey.

About AIM.

The Australian Institute of Management began in 1941 with a vision to help managers unlock their career potential in the ever-changing business environment. Today AIM is the peak body for managers and leaders in Australia. Our members range from emerging managers starting off in their careers to those who hold board positions. They work across wide-ranging disciplines, industries, organisations and locations. Every year at AIM, 25,000 professionals take part in over 80 training programs and study towards any one of 24 management qualifications in 11 locations right around Australia.

AIM has provided training to at least half a million people in its 75-year history and is a trusted training partner to more than half the companies on the ASX200. AIM provides opportunities to learn, network, develop know-how and better understand practical management at every stage of a career. AIM offers a range of services including professional membership, workplace training, nationally-recognised qualifications, higher education, events, and thought leadership.

The AIM Business School.

The AIM Business School offers accessible and flexible post graduate education for managers. Our sole purpose is to provide an education that will equip you with the skills and confidence to be an exceptional leader. Our practical approach goes beyond the theory to help you apply effective management strategies to everyday business experiences, so you can confidently go on to inspire others to levels of greatness beyond what they imagined.

AIM Business School. Worth the investment.

**For more information about the AIM Business School
and the post graduate qualifications we offer
